See what you think of that last sentence on slide 15. I made changes to slides 13-15 only. I'd really like to review this stuff again tomorrow and make sure everything I said is right and I didn't leave anything out :)

Slides have to be sent to SAB by Friday, so I wanted them done by today so Lynn and Vince can review them.
I work from home on Wed. I can give you a call.

Hey, sorry, I've tried calling you a couple times, give me a call when you can. I'm looking at the slides and I have a few changes to make. I really have to work on some other stuff for our TPWG meeting tomorrow too. I know you wanted to have these slides done by tomorrow or Friday, is that right?

Hi Catherine, please let me know when you have had a chance to review/edit the slides on DNA adducts. In my last version of the presentation, I included one of your EMGS slides.

>> Thanks Samantha. I'm glad we have agreement that we don't have to completely re-hash the old
presentation. I'm thinking I can give a very abbreviated overview of the assessment and then spend the
rest of the time providing clarification of points raised in the teleconference by the CAAC and public
commenters.
